Macro Update:

New Sylhet plant adds 110MW to national grid

Newly-installed power generation plant 'Kushiyara Power Company' has started supplying 110 megawatt (MW) electricity to the national grid on experimental basis. The company has been generating electricity and supplying the same for the last three weeks. The national grid is now getting 110 MW power from the plant. Supply capacity of the plant would be raised later. The power plants in Sylhet region currently generate a total of 1200 MW, which is being supplied to the national grid.

Apparel exports to US drop

Garment shipment to the US, the country's single largest export destination, declined 7.47% year-on-year to USD 5.2 billion in 2016-17 largely because of higher duty, longer lead-time, and lower prices. Apparel exporters also blamed the appreciation of the local currency against the American greenback, less imports by US retailers and inefficient port operations in Bangladesh, for the fall in garment exports. Exporters say Bangladesh's garments are less attractive to US customers as competing countries can offer similar items at lower prices since they enjoy preferential duty privilege.
