## Weekly Observation

*Index showed continuous negative movement apart from first trading day of the week*

The benchmark DSEX index lost 85.81 points, a 1.6% decrease over the last trading week. The week closed at ~5343.88 levels. Market participation has decreased by 3.9%. All the major sectors posted negative movements. Average Trade Volume increased by 0.8% and total number of trades increased by 5.8%.

Among the economic issues, International Finance Corporation (IFC) has proposed investing up to US\$ 40 million in a state-run financial entity in the form of loans to the lower middle-income people in Bangladesh, officials said. The government plans to bring more people under its social safety net programmes in the next budget with an eye on the upcoming national election. It, however, will not increase the allowance per person for most of the schemes. Imports of intermediate goods during the first nine months of the current fiscal year (FY 18) increased by 17.54%, according to an estimation done by the customs authority. Approval for three new commercial banks is in the works at a time when the country's banking sector is handicapped by financial irregularities and bad loans. The government on Tuesday approved installation of a high-voltage back-to-back sub-station at Cumilla for importing 500MW power from India's Tripura. Petrobangla is working to list eight of its gas distribution companies in the stock market, in a development that is set to bring some cheer to investors.

Top gaining stocks of the week were AIL (+17.50%), MONNOSTAF (+15.22%), and SAFKOSPINN (+14.88%). Conversely, top losing stocks were RUPALIBANK (-16.97%), ASIAPACINS (-11.65%), and NCCBANK (-10.13%). INTRACO topped the weekly turnover list followed by BEXIMCO, BERGERPBL, AIL & UPGDCL.

*-Rufaiya Zabin*
